let's do **BREAKFAST**

## LADIES "Morning Glory" Breakfast

So, how's you Lent going? Couldn't be better... Not so good? Come share with us!

After unsuccessfully trying to obtain a speaker for this year's breakfast, the commission turned to prayer, for God to direct us in our efforts and He told us to "wing it". So with your help, we will "wing it".

We are inviting all our St. Joe's girls out for a morning of reflection, sharing, and witnessing of our faith. Perhaps comparing moments, such as Mary may have struggled with, overcoming her challenges and her deepest desires of her heart.

We will have table discussions on various topics, and time for open sharing.

Margaret Chapp will provide music, and you may partake in a light brunch.

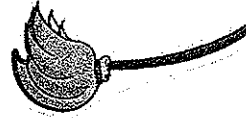

All this on April 6<sup>th</sup> at 9 am in our dining hall. So bring a friend, your mom, or daughter as we encourage one another to finish out Lent on a positive note.

All for the honor and glory of our Lord and Savior.

The Worship Commission

### Born-Alive Abortion Survivors Protection Act

The Born-Alive Abortion Survivors Protection Act (BAASPA) is a bill to protect the lives of babies born during or after an abortion attempt. It insists that doctors must provide the same care as he/she would for any other child born at that same gestational age if an abortion had not been attempted. It also requires the newborn to be immediately transferred to a hospital, thus ensuring the baby is provided with appropriate neonatal care outside the influence of the provider who was paid to end his/her life. While surviving an abortion is rare, survivors have poignantly told their stories before Congress and urged lawmakers to take a greater interest in protecting other children who are at risk of being killed or allowed to die because they were intended to be aborted.

In 2002 Congress passed the Born-Alive Infants Protection Act, codifying in law that a newborn, regardless of the circumstances of their birth, is to be legally recognized as a person from the moment of birth if he or she show any sign of life. This law, however, did not provide any measures to enforce the protection of these vulnerable infants. The new Survivors bill (BAASPA) with its clear expectations of care, transfer requirements, mandatory reporting, private right of action, and criminal penalties is meant to provide more actionable protections for the baby (and the mother) should the baby be born alive. In light of the recent action in New York--and possibly other states to follow--to remove the protections of their laws for infants born during an abortion, it is all the more urgent that Congress create a Federal requirement that increases the likelihood that these newborns will have a chance at life.

#### Key Points:

- While live births during or after an abortion may be rare, they do happen and the decision about whether these babies are cared for or left to die affects hundreds of children every year.<sup>12345</sup>
- Regardless of the circumstances of his or her birth, any baby merely by virtue of being born is a legally-recognized person thanks to the clarity of the Born-Alive Infants Protection Act. He or she must be treated like any other premature infant and given medical care appropriate to his or her age and needs. Actively or passively killing these newborns is infanticide and should be condemned by all.

<sup>1</sup> Between the years 2003-2014, the CDC analyzed death certificates from those states that report this information and found that at least 143 babies were born alive and subsequently died after an attempted abortion.  
[https://www.cdc.gov/nchs/health\\_policy/mortality-records-mentioning-termination-of-pregnancy.htm](https://www.cdc.gov/nchs/health_policy/mortality-records-mentioning-termination-of-pregnancy.htm).

<sup>2</sup> This 1981 article refers to "liveborn abortion babies" and concludes that they are "an every day occurrence" and because they are "embarrassing" they are hushed up and never reported:  
<https://www.govinfo.gov/content/pkg/GPO-CHRG-OCANNOR/pdf/GPO-CHRG-OCANNOR-5-5.pdf>.

<sup>3</sup> Abortion Survivors Network is one organization devoted to telling the stories of abortion survivors:  
<https://theabortionsurvivors.com/>.

<sup>4</sup> The state of Arizona reported 10 babies born alive in just 5 months in 2017.  
<https://azdhs.gov/documents/preparedness/public-health-statistics/abortions/2017-arizona-abortion-report.pdf>.

<sup>5</sup> Canada reports 491 babies were born alive during, and left to die after, an abortion between 2000-2009:  
<https://lozierinstitute.org/born-alive-left-to-die/>.

- However, the BAASPA is clearly needed, as examples continue to be published of doctors or nurses disregarding the rights of the newly born baby and, since he/she was targeted for abortion, allowing him/her to die without receiving any medical assistance.<sup>6</sup>
- This bill does not require futile or painful care to be given to a dying infant as some opponents assert. On the contrary, it insists that the premature newborn must be given the same evaluation, care, and attention as any other baby born at that age to ensure the best medical course of action is provided to him/her.
- Americans overwhelmingly support the protection and care of babies born alive, no matter what the original intent was while the baby was still in utero. According to a recent poll 77% of Americans agree that babies born during an abortion attempt should be given medical treatment like other babies.<sup>7</sup>
- The so-called right to “terminate a pregnancy” does not also guarantee a right to a dead child. This bill therefore provides greater enforcement mechanisms to help ensure that a baby fully outside of his or her mother is no longer subject to abortion laws and is now a new patient in his or her own right.
- Late-term abortions, (those past “viability,”<sup>8</sup>) which may result in a child being born alive are downplayed by abortion supporters as so rare as to be irrelevant, yet conservative estimates by abortion supporters still put the number of reported abortions that occur at 21 weeks or later at 1% which still amounts to an estimated 15,000 each year in the United States alone.<sup>9</sup>

<sup>6</sup>Live Action has collected a number of stories of infants who were born alive before being allowed to die without any medical intervention, often alone and without comfort care: <https://www.liveaction.org/news/babies-born-alive-abortion-continue/>. Others too young to survive long can still live for a while after being aborted: <https://www.liveaction.org/news/abortion-worker-flees-born-alive/>.

<sup>8</sup>“Viability” is not a precise medical or legal term; it was previously accepted to mean around 24 weeks and is now moved down to 22 weeks by some because of the increased survival rate of infants born at this stage of development.

## Mark My Words

We will be celebrating the feast day of our parish patron saint, St. Joseph, on Tuesday, March 19. I encourage you to come to our Tuesday 6:00pm Mass to pray for St. Joseph's continued intercession for us individually and for us as a parish. After the Mass, stay for Our Lady of Perpetual Help devotion and, if possible, come to the Bible Study in the school cafeteria. It's a great way to give glory and honor to God and to thank St. Joseph for his intercession and protection of our parish for 200 years. If you cannot make the Tuesday evening Mass, join us at the ~~Wednesday~~ Tues 8:30am Mass to celebrate the feast day of St. Joseph with the school students.

I want to thank those individuals attending the weekly Bible Study. I have enjoyed unwrapping scripture with you. Each week, we study the next Sunday Mass readings. This past week, we learned a new way to pray with scripture and reviewed the first five books of the Old Testament, the Pentateuch. We also studied the first reading and Gospel in detail. We all gained some great insights. You are always welcome to join the Bible Study and make sure to bring a friend.

You may have noticed work activity occurring at the rental house across the street from the church. The inside of the house is being updated from patching, painting, removing, repairing, updating, and so on. The goal is to have the house renovation completed by May. At that time, we plan to rent the house.

As we continue the journey of Lent, remember the eight individuals enrolled in the RCIA Process. As they approach the finish line, the devil is working hard to stop them from full membership into the church. Pray for them as they continue this journey of discernment, prayer, joy, and fulfillment in Jesus Christ. The RCIA Process scrutinies or examinations will begin soon and we will be able to pray more directly for them at Mass.

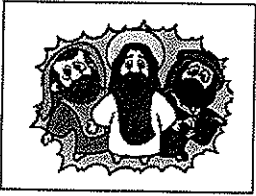

Remember to pray for yourself. The devil is always at work and is always trying to discourage each of us. It is easy to give up and walk away. However, look at what we give up when we walk away from God. We can lose everything. With Jesus Christ, we gain hope, we gain peace, we gain love, and most important, we gain eternal life. On Ash Wednesday, we were taught the power of praying, fasting, and almsgiving in building our relationship with Jesus. Other means to move closer to Jesus include scripture study, Adoration Hour, devotions, and Alpha. Check the church bulletin and parish website for all the scheduled Lenten activities designed to help us build our relationship with Jesus Christ.

The Parish Survey Summary will be presented after each Mass of the March 23-24 weekend. The presentations will be in church after the 4:30 and 10:30 Masses and in the school cafeteria after the 8:00 Mass. The Survey Summary and the Unleash the Gospel document will help guide the development of the 2020-2024 St. Joseph Catholic Parish Vision Plan. The Survey Summary was presented to the Parish Council last Wednesday and generated several questions and good discussion. I hope you can stay after the Masses next weekend and participate in the viewing of the survey. Any input you have will be helpful. The Survey Summary, including Q & A, should take no more than 30 minutes. Thank you, again, for all your help in the survey process.

I hope your Lent is going well. Continue to pray for me as I pray for each of you. Thank you for everything you do for our parish.

Fr. Mark

## Religious Education "In"- Formation

### **Jesus Is Transfigured** Luke 9:28b-36

#### **Family Connection**

In today's Gospel, the voice from heaven speaks to the disciples saying, "Listen to him." The Transfiguration was a focused moment for the disciples when they heard God speaking to them and experienced Jesus in glory. They most certainly left this focused moment with a new appreciation for the importance of Jesus' words even if they did not yet understand everything that he had taught them. During Lent, we are invited to consider our attentiveness to Jesus and to one another. In the pace and noise that often characterizes family life, how well do we listen to one another? What opportunities do we have for quiet prayer?

As you gather as a family, count the number of pieces of equipment in your home that produce sound: televisions, radios, CD players, computers, video games, etc. Observe if sometimes more than one piece of equipment is playing simultaneously and how this might affect communication. Discuss the question: What is it like to try to talk with one another when this equipment is on?

Read aloud today's Gospel, Luke 9:28-36.  
*Jesus took Peter, John, and James and went up the mountain to pray. While he was praying his face changed in appearance and his clothing became dazzling white. And behold, two men were conversing with him, Moses and Elijah, who appeared in glory and spoke of his exodus that he was going to accomplish in Jerusalem. Peter and his companions had been overcome by sleep, but becoming fully awake, they saw his glory and the two men standing with him. As they were about to part from him, Peter said to Jesus, "Master, it is good that we are here; let us make three tents, one for you, one for Moses, and one for Elijah." But he did not know what he was saying. While he was still speaking, a cloud came and cast a shadow over them, and they became frightened when they entered the cloud. Then from the cloud came a voice that said, "This is my chosen Son; listen to him." After the voice had spoken, Jesus was found alone. They fell silent and did not at that time tell anyone what they had seen.*

Consider whether the noise and pace of your family life allows family members opportunities for quiet prayer. During Lent, it may be appropriate for your family to choose a time for quiet in the household by turning off televisions, radios, and CD players. Consider whether your family would like to establish such a time during this Season of Lent and suggest that it might allow you the opportunity to listen more attentively to one another and to find time for quiet prayer. Spend a few such moments as a family, asking God to help you listen well to one another and to Jesus.
